Zero Gravity: Daniel Canogar Sally Jane Norman, Jesus Gonzalez Requena

Daniel Canogar (born Madrid 1964) lives and works in Madrid. He studied visual communications and received his Master's in photography from New York University and the International Centre for Photography in 1990. Daniel Canogar's work has long dwelt on issues of immersion and realism, of corporeal images and sensations, of light instrumentalized to reveal figments and traces of visual matter. His consistent use of photography undermines and transcends simple questions of photographic realism, through play with variable scales, obsessive pseudo-repetition and disconcerting projection procedures and surfaces.
