"There are plenty of bastards in this world, but Patrick Wensink isn't one of them. Well, maybe. He is our Terry Southern and Paul Krassner and possibly one day even our own Jonathan Swift. Most writers are interested in the boring ass subject matter of the 21st century: "I did drugs. I had sex." No shit. Wensink is more concerned with Dwight Yoakum, lawsuits, biscuits, Charles Kuralt, babies and corpses, anxiety and Ohio. This makes him a weird ass dude, and the weird ass people are the only ones making sense anymore. They're the last people in this life who can still fight off the bastard inside of them. So you should read these essays. You'll laugh. It means you're still alive. You'll feel wings sprouting from your shoulder blades afterwards. You'll be able to fly. It's okay to laugh and fly. I promise." - SCOTT MCCLANAHAN, author of "The Collected Works of Scott McClanahan Vol. I"
