Colostrum A practical guide for correct colostrum feeding in calves Juan José; Ferrer Mayayo, Luis Miguel Ramos Antón

The authors experience backs up one of the most practical and easy-to-use books about colostrum. This guidebook tries to answer the basic questions related to the daily activity of vets, cattle producers and technicians, ranging over issues such as birth and cow, but featuring a special focus on the need for an adequate administration of colostrums to calves, a key to minimize the neonatal calf mortality.
